Main **search features** of Music Match:

The screenshot shows the MusicMatch homepage. At the top left, there are navigation icons: back, forward, stop, and home. The URL bar contains <http://musicmatch.com/welcome>. On the right side of the header are a magnifying glass icon and a search input field.

The main content area has a title "Featured Artist of the Day" with a photo of a guitarist. Below the title is a "Track Search" sidebar with the following options:

- Smart Search? (with a toggle switch)
- Your Song? (with a purple circle around it and a purple arrow pointing from the "Main search features" text above to this button)
- Instruments >
- Genre >
- Ranking >
- Compensation >

At the bottom of the sidebar is a "Search" button.

To the right of the sidebar, there's a "messages" section with a link to "View your music". Below that is a "Like this artist?" section with a "Like" button and a link to "Add to Liked'list". Further down is a box stating "Looking for a lead guitar player and singer" with two profile icons.

At the bottom of the sidebar are three circular navigation buttons: back, forward, and refresh.

Toggle on the **Your Song?** feature to switch to recruiting mode. If you are looking to recruit artists for your unfinished music track, look for them by switching on this feature and choosing your parameters just as you would in traditional Track Search mode.
